ISO 9001:2015 Certification Earned By Innovative Computing & Applied Technology LLC dba INCATech LLC

(Reston, VA) INCATech is delighted to announce that we have achieved ISO 9001:2015 certification. The certification, awarded by SRI Quality System Registrar covers the corporate and functional office management and provisioning of resources to projects for development and delivery of Enterprise Content Management, Enterprise Modernization, Management Services, IT Service Delivery, and Geospatial Services and Solutions to customers.

Bruce Freedman, Vice President of Corporate Development states: "We are committed to institutionalizing our quality management processes through ISO 9001 and other certifications and assessments, such as CMMI for Development Level 3, expected in Q1 of 2017." According to Edward L. Maschmeier, Director, Certification at SRI: "We are pleased to acknowledge that Innovative Computing & Applied Technology LLC dba INCATech LLC has demonstrated effective implementation of a management system. ISO 9001 certification provides evidence to customers, suppliers, employees, and their community of their commitment to producing a quality product (service) and providing customer satisfaction."

ISO 9001:2015 is process-based; the certification recognizes organizations that can link business objectives with operating effectiveness. Companies that achieve management system certification to ISO 9001:2015 have demonstrated effective implementation of documentation and records management, top management's commitment to their customers, establishment of clear policy, good planning and implementation, good resource management, efficient process control, measurement and analysis. Continual improvement has been institutionalized.
