GSA's 8(a) STARS II, is a multiple-award, indefinite-delivery/indefinite quantity (IDIQ) Governmentwide Acquisition Contract (GWAC) engineered to provide cutting-edge technology solutions to federal agencies from award winning 8(a) small businesses:

- \$10 B program ceiling with a five-year base period and one five-year option, 8(a) STARS II allows for long-term planning of large-scale program requirements while strengthening opportunities for 8(a) small businesses.
- Directed task orders up to \$4M, including options. Orders more than \$4M must be competed among the industry partners in your chosen constellation and functional area.
- Enables you to access 8(a) firms through an established contract vehicle instead of traditional, open market methods - saving time and taxpayer money.
- Offers fixed price, time and materials, labor hour, and blended task order types; providing greater flexibility in procuring IT service solutions to meet your mission requirements.
